TRAIN HITS AUTO 1 DEAD, 2 HURT

WM. MORTON, PARNELL FARMER, KILLED IN CRASH.

AT THE CRAIG CROSSING

The Southbound Burlington Passenger Strikes Ford at 7:40 a. m. Today; Delbert Morton, Son of Dead Man, and Wm. Wiseman Injured.

One dead and two seriously injured is the toll of an accident at 7:40 o'clock this morning when the southbound passenger train of the Burlington struck a Ford car at Craig crossing, about 3-4 mile north of the Burlington depot.

The Dead

WILLIAM MORTON, 38, farmer residing near Parnell.

The Injured.

WILLIAM WISEMAN, 50 farmer residing about 4 miles southwest of Maryville. Shoulder dislocated. Serious bruises about face.

DELBERT MORTON, 14 year old son of dead man. Right arm sprained, bruises about face and body, left hand cut.

According to the story told by Mr. Wiseman at the St. Francis hospital this morning, he had gone to the Morton home in his car, and was bringing Morton and his son to Maryville from which place they were to go to Wesley Chapel to attend the funeral of J. M. Wiseman, the dead man's father-in-law. At his side sat Morton, while in the rear seat of the Ford was Delbert, the 14 year old son.

At the approach of the Burlington tracks near Craig crossing the high weeds and corn made it impossible to see the coming train and Wiseman stated that before he could apply the brakes on his car he had crashed into the engine of the train. He said that the whistle was not blown at the crossing and that the train was making a speed of approximately thirty miles an hour. The Ford, he said, was going about twelve miles an hour when the crash came.

The front trucks of the engine struck the Ford between the front lights and the fender. The car was carried about forty feet down the track and was completely demolished.

The three injured men were brought to the Maryville depot on the train and were rushed to the St. Francis hospital. Morton's left side was badly crushed and he was suffering from serious internal injuries. He was placed immediately in the operating room but his injuries were of such a serious nature that he passed away at 9:45.

Wiseman and Delbert Morton, although suffering painful injuries, were reported to be out of danger at the hospital at noon today.

William Morton, the dead man, had been farming near Parnell since early last spring, and prior to that time was employed at the Bramble Blacksmith Shop in this city. Before coming to Maryville he conducted a blacksmith business at Ravenwood. Besides his son who was with him on the fatal trip this morning, he is survived by a wife and six children, Beulah, Edith, Edna, Bessie, Raymond, and Virgil, the eldest 16 years of age. He also leaves a brother, Ira Morton, of this city.

His wife is a daughter of the late J. M. Wiseman, who died last Monday and funeral services for whom were held at 3 o'clock this afternoon at the Wesley Chapel.

A perfect title suit was filed with the circuit clerk this morning in which John A. Farnan brings suit against Miss Ann G. Allen.

COMMITTEE ORGANIZED TO AID IN HOSPITAL DRIVE

Plan to Raise $50,000 in Nodaway County in Interest of New Addition to St. Francis.

The committee appointed by President George L. Wilfley of the Commercial Club, conferred with the Sisters at St. Francis hospital last evening and offered their services in the campaign to raise $50,000 in Nodaway county for the purpose of building a new addition to the hospital. The members of the committee are Will F. Phares, Aaron Felix, Fred Hull, Ed Costello, W. C. Pierce, C. W. Yehle, R. P. Hosmer, Nick Sturm and James Todd. The committee organized by electing Mr. Phares as chairman, and Mr. Hosmer as secretary.

Ways and means of conducting the county-wide drive in raising the mone were discussed and it was decided to conduct an intensive campaign in each school district of the county. The drive will not be put on until sometime in September, giving the committee plenty of time to thoroughly organize the county.

The Sisters were very much pleased with the course as taken by the Commercial Club. The Sisters are to give one-half of the cost of the new addition, or $50,000 if the people of the county will provide the other half.

The St. Francis hospital is an important institution in Nodaway county and with the proposed addition of modern fire-proof construction and other needed improvements, giving the hospital double the capacity they now have, it is thought the people of the county will generously contribute to such a worthy institution.

Brother Leonard of Chicago, the architect, who drew up the plans for the new addition, will return to that city this evening to make out the specifications.

131 STUDENTS ARE STUDYING COURSE

UNDER DR. HOLDEN AND ASSISTANTS AT THE COLLEGE AND MORE ENROLLING

NO LOSS OF INTEREST

The Students Are Not Getting Tired of Their Work But Interest Increases as Work Goes on.

One hundred and thirty-one students were enrolled this morning in the short course in vitalized agriculture at the State Teachers College and a few more were to enroll late today. It is probable that 150 students will have been enrolled in the course before it is concluded the last of the week.

The students are divided into three groups and recite in four classes. The four classes study in rotation, spending a day to a course, four distinct divisions of the third year work as outlined by Dr. Holden. The general course is a study of living things and the four departments of this study are Insects and Flies, Birds and Poultry, Livestock and Feeds, Dairy and Noon Lunches.

Continued interest in the work marks today's classes with late arriving students enrolling for the rest of the week's instruction. The screeching of saws, the pounding of hammers, and whispered instructions, as students worked busily at their various construction articles, was all that greeted interested observers who visited the classes where that kind of work was in progress this morning.

An, in the midst of one group, a saw in hand, could be found Dr. Holden explaining and demonstrating how to accomplish the cutting of a board at a certain angle. In another group Prof. Cooper would be seen engaged in a similar manner. Scores of girls, for the students are almost all girls, were studying plans and working them out with their tools. An atmosphere of contentment and a spirit of satisfaction pervaded the rooms.

The following are those in attendance

DeKalb County—Dessie L. Allen, Katherine Kolb, Velma Hull, Nina Groom, Ethel Alldredge, Grave Davidson, Mary Hanzell.

COLLEGE SOCIAL A COMPLETE SUCCESS

HELD ON CAMPUS AND IN LIBRARY OF COLLEGE FROM 8 TO 11

OH BOY! THEY DANCED

President Richardson and Miss Boggs Led the Grand March to the Strains of Irresistible Orchestral Music.

One of the most successful social events that was ever held at the State Teachers College took place last night. Practically every student and faculty member of the college was in attendance at the affair and unquestionably enjoyed themselves.

The evening's program began at 8 o'clock with a reception on the front lawn. Punch was served and the President and faculty received the students informally.

Following the reception to the students Miss Helen Zenor and her music classes presented an Indian pageant of a most entertaining nature. The program for the pageant began with a song, "The Awakening at Dawn," sung by a chorus. Then Miss Lawson and the chorus sang the "Sunrise Call." "Coming of Montezuma" sung by Mr. Elmore and chorus followed. One of the most enjoyed numbers on the program, a beautiful Indian love song, "Lover's Wooing," was sung by Mr. Airy. "The Fire Drill," an exercise participated in by a number of girls was well received. "Rain Song," a beautiful melody, was prettily rendered by a chorus. "Rain Song—Incantations" sung by Mrs. Wells and Mrs. James was one of the best numbers of the program. "Sunset Song" by the chorus and "The Ghost Dance" fittingly closed the program.

The latter part of the evening was spent in the library of the college. When everyone had gathered in the room, after leaving the campus, the orchestra began playing a selection which proved to be the grand march. President Richardson and Miss Boggs led the march and everyone joined in the procession. At the conclusion of this opening number President Richardson announced that the rest of the evening would be given over to dancing. This proved to be the most popular and most successful part of the entire evening's program. To the irresistible strains of orchestral music the sedate faculty and gay co-eds danced to their hearts content. A halt was called at 11 o'clock. So closed what is voted by many to have been the most enjoyable social event ever held at the college.

YOU NEED NOT SUFFER FROM CATARRH

But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.

DESPONDENT WOMEN

A prominent writer claims that "women are naturally despondent," but often mental depression may be attributed to an adnormal condition of the system, which expresses itself in nervousness, backache, headaches, sleeplessness, and consequent despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of this trouble, it gives tone and strength to the system and restores women to a normal, healthy condition.—Adv.

HAD TO BE HELPED UP STEPS, HE SAID

Before Taking Tanlac Calkins Had Suffered for Twenty-six Years From Rheumatism.

"Before I started taking Tanlac I was so badly crippled up with rheumatism in my legs and feet that I couldn't get up our porch steps unless some of my folks helped me, but nobody has to help me now," said H. C. Calkins, a retired farmer, living at 155 N. Lincoln Ave., Springfield, Ill., to a Tanlac representative, recently.

"I had been in a bad fix for going on twenty-six years," continued Mr. Calkins, "of course, not so bad all the time as I have been for the past ten years, but enough to make me suffer a lot. My arms pained me like old fashioned toothache, and my legs were all drawn up so I just had to hobble around on two crutches. My legs pained me terribly all the time, but seemed to be worse at night and I could hardly get any sleep for the agony I suffered. Then, about twelve years ago, stomach trouble set in and nearly everything I ate disagreed with me, and I suffered a lot with cramps and finally got so I lived mostly on light diets, but that didn't seem to help any, and I got awfully weak and run-down. This rheumatism and stomach trouble caused me to give up farming, because I wasn't able to do any work myself and couldn't depend on hired help. I had tried all kinds of medicines and treatments without being helped any and got so I never expected to be well again.

"Then I read about Tanlac and saw a statement by a man I knew, so I decided to give Tanlac a trial, and I'll never forget how that medicine started right in to help me—it was simply wonderful, and I could hardly believe it myself. I hadn't finished the first bottle until I was feeling lots better, so I kept on taking the medicine and now my rheumatism is not only completely gone, but all my stomach trouble as well, and I can sit down to the table now and eat as big a meal as as I ever did on the farm. I don't hobble around any more because I have put my crutches away in the attic and never expect to see them again, and I can get about now as well as I could thirty years ago. Why, I actually believe I could stand and jump on our porch steps—the same steps that I couldn't even get up alone on crutches a little while back, and I am just so thankful to be free from my troubles that I can't say too much in praise of Tanlac."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."

TRAIN HITS AUTO 1 DEAD, 2 HURT

WM. MORTON, PARNELL FARMER, KILLED IN CRASH.

AT THE CRAIG CROSSING

The Southbound Burlington Passenger Strikes Ford at 7:40 a. m. Today; Delbert Morton, Son of Dead Man, and Wm. Wiseman Injured.

One dead and two seriously injured is the toll of an accident at 7:40 o'clock this morning when the southbound passenger train of the Burlington struck a Ford car at Craig crossing, about 3-4 mile north of the Burlington depot.

The Dead

WILLIAM MORTON, 38, farmer residing near Parnell.

The Injured.

WILLIAM WISEMAN, 50 farmer residing about 4 miles southwest of Maryville. Shoulder dislocated. Serious bruises about face.

DELBERT MORTON, 14 year old son of dead man. Right arm sprained, bruises about face and body, left hand cut.

According to the story told by Mr. Wiseman at the St. Francis hospital this morning, he had gone to the Morton home in his car, and was bringing Morton and his son to Maryville from which place they were to go to Wesley Chapel to attend the funeral of J. M. Wiseman, the dead man's father-in-law. At his side sat Morton, while in the rear seat of the Ford was Delbert, the 14 year old son.

At the approach of the Burlington tracks near Craig crossing the high weeds and corn made it impossible to see the coming train and Wiseman stated that before he could apply the brakes on his car he had crashed into the engine of the train. He said that the whistle was not blown at the crossing and that the train was making a speed of approximately thirty miles an hour. The Ford, he said, was going about twelve miles an hour when the crash came.

The front trucks of the engine struck the Ford between the front lights and the fender. The car was carried about forty feet down the track and was completely demolished.

The three injured men were brought to the Maryville depot on the train and were rushed to the St. Francis hospital. Morton's left side was badly crushed and he was suffering from serious internal injuries. He was placed immediately in the operating room but his injuries were of such a serious nature that he passed away at 9:45.

Wiseman and Delbert Morton, although suffering painful injuries, were reported to be out of danger at the hospital at noon today.

William Morton, the dead man, had been farming near Parnell since early last spring, and prior to that time was employed at the Bramble Blacksmith Shop in this city. Before coming to Maryville he conducted a blacksmith business at Ravenwood. Besides his son who was with him on the fatal trip this morning, he is survived by a wife and six children, Beulah, Edith, Edna, Bessie, Raymond, and Virgil, the eldest 16 years of age. He also leaves a brother, Ira Morton, of this city.

His wife is a daughter of the late J. M. Wiseman, who died last Monday and funeral services for whom were held at 3 o'clock this afternoon at the Wesley Chapel.

A perfect title suit was filed with the circuit clerk this morning in which John A. Farnan brings suit against Miss Ann G. Allen.

COMMITTEE ORGANIZED TO AID IN HOSPITAL DRIVE

Plan to Raise $50,000 in Nodaway County in Interest of New Addition to St. Francis.

The committee appointed by President George L. Wilfley of the Commercial Club, conferred with the Sisters at St. Francis hospital last evening and offered their services in the campaign to raise $50,000 in Nodaway county for the purpose of building a new addition to the hospital. The members of the committee are Will F. Phares, Aaron Felix, Fred Hull, Ed Costello, W. C. Pierce, C. W. Yehle, R. P. Hosmer, Nick Sturm and James Todd. The committee organized by electing Mr. Phares as chairman, and Mr. Hosmer as secretary.

Ways and means of conducting the county-wide drive in raising the mone were discussed and it was decided to conduct an intensive campaign in each school district of the county. The drive will not be put on until sometime in September, giving the committee plenty of time to thoroughly organize the county.

The Sisters were very much pleased with the course as taken by the Commercial Club. The Sisters are to give one-half of the cost of the new addition, or $50,000 if the people of the county will provide the other half.

The St. Francis hospital is an important institution in Nodaway county and with the proposed addition of modern fire-proof construction and other needed improvements, giving the hospital double the capacity they now have, it is thought the people of the county will generously contribute to such a worthy institution.

Brother Leonard of Chicago, the architect, who drew up the plans for the new addition, will return to that city this evening to make out the specifications.

131 STUDENTS ARE STUDYING COURSE

UNDER DR. HOLDEN AND ASSISTANTS AT THE COLLEGE AND MORE ENROLLING

NO LOSS OF INTEREST

The Students Are Not Getting Tired of Their Work But Interest Increases as Work Goes on.

One hundred and thirty-one students were enrolled this morning in the short course in vitalized agriculture at the State Teachers College and a few more were to enroll late today. It is probable that 150 students will have been enrolled in the course before it is concluded the last of the week.

The students are divided into three groups and recite in four classes. The four classes study in rotation, spending a day to a course, four distinct divisions of the third year work as outlined by Dr. Holden. The general course is a study of living things and the four departments of this study are Insects and Flies, Birds and Poultry, Livestock and Feeds, Dairy and Noon Lunches.

Continued interest in the work marks today's classes with late arriving students enrolling for the rest of the week's instruction. The screeching of saws, the pounding of hammers, and whispered instructions, as students worked busily at their various construction articles, was all that greeted interested observers who visited the classes where that kind of work was in progress this morning.

And in the midst of one group, a saw in hand, could be found Dr. Holden explaining and demonstrating how to accomplish the cutting of a board at a certain angle. In another group Prof. Cooper would be seen engaged in a similar manner. Scores of girls, for the students are almost all girls, were studying plans and working them out with their tools. An atmosphere of contentment and a spirit of satisfaction pervaded the rooms.

The following are those in attendance

DeKalb County—Dessie L. Allen, Katherine Kolb, Velma Hull, Nina Groom, Ethel Alldredge, Grave Davidson, Mary Hanzell.

Holt County—Cassie M. Abshire, Lydia V. Action, Beulah Bunker, Tracy Blevins, Effie M. Carroll, Alberta Green, Mrs. Murphy, Anna Markt, Hallie Bunts, Fleece Philips.

COLLEGE SOCIAL A COMPLETE SUCCESS

HELD ON CAMPUS AND IN LIBRARY OF COLLEGE FROM 8 TO 11

OH BOY! THEY DANCED

President Richardson and Miss Boggs Led the Grand March to the Strains of Irresistible Orchestral Music.

One of the most successful social events that was ever held at the State Teachers College took place last night. Practically every student and faculty member of the college was in attendance at the affair and unquestionably enjoyed themselves.

The evening's program began at 8 o'clock with a reception on the front lawn. Punch was served and the President and faculty received the students informally.

Following the reception to the students Miss Helen Zenor and her music classes presented an Indian pageant of a most entertaining nature. The program for the pageant began with a song, "The Awakening at Dawn," sung by a chorus. Then Miss Lawson and the chorus sang the "Sunrise Call." "Coming of Montezuma" sung by Mr. Elmore and chorus followed. One of the most enjoyed numbers on the program, a beautiful Indian love song, "Lover's Wooing," was sung by Mr. Airy. "The Fire Drill," an exercise participated in by a number of girls was well received. "Rain Song," a beautiful melody, was prettily rendered by a chorus. "Rain Song—Incantations" sung by Mrs. Wells and Mrs. James was one of the best numbers of the program. "Sunset Song" by the chorus and "The Ghost Dance" fittingly closed the program.

The latter part of the evening was spent in the library of the college. When everyone had gathered in the room, after leaving the campus, the orchestra began playing a selection which proved to be the grand march. President Richardson and Miss Boggs led the march and everyone joined in the procession. At the conclusion of this opening number President Richardson announced that the rest of the evening would be given over to dancing. This proved to be the most popular and most successful part of the entire evening's program. To the irresistible strains of orchestral music the sedate faculty and gay co-eds danced to their hearts content. A halt was called at 11 o'clock. So closed what is voted by many to have been the most enjoyable social event ever held at the college.

YOU NEED NOT SUFFER FROM CATARRH

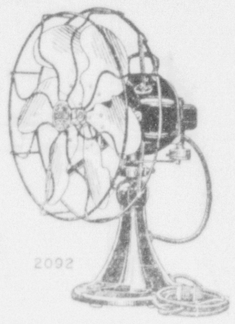
But You Must Drive It Out of Your Blood.

Catarrh is annoying enough when it chokes up your nostrils and air passages, causing difficult breathing and other discomforts. Real danger comes when it reaches down into your lungs.

This is why you should at once realize the importance of the proper treatment, and lose no time experimenting with worthless remedies which touch only the surface. To be rid of Catarrh, you must drive the disease germs out of your blood.

Splendid results have been reported from the use of S. S. S., which acts on the catarrh germs in the blood.

If you wish medical advice as to the treatment of your own individual case, write to Chief Medical Adviser, 42 Swift Specific Co., Atlanta, Ga.



How About That Fan?

Are you going to keep on sweltering for two more months, and letting the family swelter, too, and come home hot and tired and cross and let the baby break out with heat and squall all night and keep the whole family awake when one little electric fan would make life heaven instead of——well, you know.

Come and get your fan.

DESPONDENT WOMEN

A prominent writer claims that "women are naturally despondent," but often mental depression may be attributed to an adnormal condition of the system, which expresses itself in nervousness, backache, headaches, sleeplessness, and consequent despondency. Lydia E. Pinkham's Vegetable Compound goes to the root of this trouble, it gives tone and strength to the system and restores women to a normal, healthy condition.—Adv.

America is the only land in which women have won marked success in the dental profession.

HAD TO BE HELPED UP STEPS, HE SAID

Before Taking Tanlac Calkins Had Suffered for Twenty-six Years From Rheumatism.

"Before I started taking Tanlac I was so badly crippled up with rheumatism in my legs and feet that I couldn't get up our porch steps unless some of my folks helped me, but nobody has to help me now," said H. C. Calkins, a retired farmer, living at 155 N. Lincoln Ave., Springfield, Ill., to a Tanlac representative, recently.

"I had been in a bad fix for going on twenty-six years," continued Mr. Calkins, "of course, not so bad all the time as I have been for the past ten years, but enough to make me suffer a lot. My arms pained me like old fashioned toothache, and my legs were all drawn up so I just had to hobble around on two crutches. My legs pained me terribly all the time, but seemed to be worse at night and I could hardly get any sleep for the agony I suffered. Then, about twelve years ago, stomach trouble set in and nearly everything I ate disagreed with me, and I suffered a lot with cramps and finally got so I lived mostly on light diets, but that didn't seem to help any, and I got awfully weak and run-down. This rheumatism and stomach trouble caused me to give up farming, because I wasn't able to do any work myself and couldn't depend on hired help. I had tried all kinds of medicines and treatments without being helped any and got so I never expected to be well again.

"Then I read about Tanlac and saw a statement by a man I knew, so I decided to give Tanlac a trial, and I'll never forget how that medicine started right in to help me—it was simply wonderful, and I could hardly believe it myself. I hadn't finished the first bottle until I was feeling lots better, so I kept on taking the medicine and now my rheumatism is not only completely gone, but all my stomach trouble as well, and I can sit down to the table now and eat as big a meal as as I ever did on the farm. I don't hobble around any more because I have put my crutches away in the attic and never expect to see them again, and I can get about now as well as I could thirty years ago. Why, I actually believe I could stand and jump on our porch steps—the same steps that I couldn't even get up alone on crutches a little while back, and I am just so thankful to be free from my troubles that I can't say too much in praise of Tanlac."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, and in Hopkins by Hopkins Drug Co."
